The acknowledgment of “Individual Education Programme”(IEP)

5th October, 2020

Dear Parents/Guardians :

The educational needs of each student are unique and special that our school has put emphasis on for years. At the beginning of every academic year, class meeting is arranged in which different goals and objectives, including communication, social skills, self care, behaviour as well as gross and fine motor skills, of every student have been formulated and set on the basis of collaborative contribution of class and subjects teachers, physiotherapists, occupational therapists, speech therapists and nurses.

Attached with the goals and objectives set for the student. If you have any comments and suggestions for the items, feel free to contact the class teacher for a discussion at 2386 2010.

Thank you for your attention.
