2018-2019

Condition of Upper respiratory tract infection in Chi Yun School

10<sup>th</sup> June, 2019

Dear Parents/Guardians :

Regarding the URTI condition two weeks ago, since the infected students have recovered and no new cases were found, our school has restored to the normal prevention and control measures.

We will, as always, keep following the Guidelines on Prevention of Communicable Diseases on preventive and control measures against seasonal influenza and other infectious diseases. Meanwhile, Parents/Guardians should continue to adopt strict personal and environmental hygiene practices for students to prevent respiratory diseases and other infectious diseases. Thank you for your cooperation and support.

Yours faithfully,

The image shows a handwritten signature in black ink, which appears to be 'Mak Man Chiu'. To the right of the signature is a circular official seal of Chi Yun School. The seal contains the school's name in Chinese characters '慈雲學校' at the top and 'CHI YUN SCHOOL' at the bottom, with a central emblem.

Mak Man Chiu

Principal
