

**Chi Yun School**  
**2019-2020**  
**New anti-epidemic measures on COVID-19**

8<sup>th</sup> July, 2020

Dear Parents,

In view of the fact that the epidemic situation of COVID-19 began to spread more rapidly in recent time, we would like to urge you again to maintain vigilance against coronavirus disease 2019 (COVID-19) at school. Cooperation from parents are important for us and we call on your support to implement the following measures strictly:

1. To prevent outbreaks of COVID-19 and other respiratory tract infections, it is of prime importance that students with fever (oral temperature higher than 37.5°C, or ear temperature higher than 38°C), regardless of the presence of respiratory symptoms, should not be allowed to attend school. They should wear a mask and consult doctors promptly. Parents should take your child to a registered medical practitioner, seek medical advice to ensure that no fever, cough, or upper respiratory tract infection symptoms were found on the student, please provide doctor's certificate before resuming classes. The doctor may request your child to take a testing on COVID-19. Even if the test results are negative, they should not be allowed to attend school, before 14-day quarantine was completed and re-testing on COVID-19 was done, in order to ensure no infection was found on the student.
2. If your child has been classified as an infected person or “close contact of an infected person” with COVID-19, student should not be allowed to attend school and should consult doctors promptly. A testing on COVID-19 should be performed. Even if the test results are negative, they should not be allowed to attend school, before 14-day quarantine was completed and re-testing on COVID-19 was done, in order to ensure no infection was found on the student.
3. Parents are requested to notify our nurse at 2386 2010 immediately in case of any of the above situations, to facilitate our prompt action in taking contingency measures and informing the EDB.

Thank you for your attention. If you have any further enquiries, please feel free to contact our nurse, class teacher or hostel parents (Tel: 2386 2010).
